WANTON MISUSE OF THE COURTS

Reversal of the Ordinary in a Damage Suit Coming From Hilo.

A novel suit for damages has been filed in the Circuit Court here by R. A. Lucas of Hilo, who wants \$120 because a horse belonging to Maikai, of Hilo, frightened his automobile, made it run away and slam into the sidewalk. The statement of claim states that Maikai knew that he had a bad horse, in spite of which he left it tied up with a single rope on Front street, Hilo, leaving no one to guard it. Lucas came along, driving his automobile carefully, when the horse viciously backed into the machine, disturbing the steering arrangements and allowing the smash on the sidewalk to take place. The horse was injured, but the plaintiff does not state so in his claim.

THE DIVORCE MILL.

Lahapa Kaleikini, of Waimanalo, who left her liege lord after a brief honeymoon of three weeks, in 1905, was yesterday divorced on the petition of her husband, Makia Kaleikini on the grounds of wilful desertion. No defense was made.

R. V. MITCHELL, ATTORNEY.

The attorney's oath was yesterday administered to R. Verne Mitchell, upon his application for a license to practice in the District Court of Honolulu. His application was accompanied by a letter of recommendation from W. R. Castle. Mr. Mitchell holds the degree of Bachelor of Laws from Cornell and has been for nine months in the law office of Castle & Withington.

CARTER ESTATE ACCOUNTS.

The seventeenth annual accounts of the trustees of the H. A. P. Carter estate, accompanied by the master's report and the court's order of approval, were filed yesterday, being the statement of the affairs of the estate for the year ending June 30 last. The trustees charge themselves with \$272,835.98 and ask to be allowed \$51,400.00 for disbursements.

The income from investments for the year totaled \$28,025.58, divided, less commissions and expenses, among the four heirs, Mrs. Crehore, Mrs. Galt, Mrs. Hartwell and Geo. R. Carter. Through payment of bonds and notes \$46,081.93 was received for reinvestment, all of which was loaned on notes secured by industrial shares.

DREIER WILL CASE.

J. W. Waldron was the principal witness in the Dreier will contest before Judge De Bolt yesterday, his evidence being wanted to show the first disposition of the will and the trust deed after they were executed and left here by Mr. Dreier. The witness stated that he knew that there was unfriendliness between Mr. Dreier and his son Emil, but had no further knowledge of any family trouble, his employer never having discussed private affairs with him. F. A. Schaefer, who with Cecil Brown has been named an administrator of the will, was also subpoenaed as a witness in the case yesterday.

In concluding his testimony yesterday morning, Cecil Brown, who had been on the stand all the day before, stated that he considered the action of Mr. Dreier in cutting his son Emil off with a stated allowance of \$150 a month, as his share of the estate, the act of a sane man.

COURT NOTES.

Ejectment proceedings are to be brought against the Tong Wo Wai company, rice growers at Waikale, Ewa, on the part of L. Apana, guardian for Loo Tan Chee and Loo Say Lan, claimants of the property in the case will be served this morning.

Honolulu Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Backache Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt.

Mrs. N. Joseph living at the corner of Liliha and King streets, Honolulu, states as follows: "I was troubled for seven months with a lame back, and also suffered from occasional attacks of chills. These various complaints made my condition by no means a happy one, so that I much desired some remedy which would bring relief. This I found in Doan's Backache Kidney Pills, some of which I obtained at the Hollister Drug Co.'s store. I am pleased to say that they gave me not merely temporary but permanent relief and I have not the least hesitancy therefore in recommending Doan's Backache Kidney Pills. They are a good kidney medicine."

Doan's Backache Kidney Pills are for sale by all dealers at 50 cents per box, (six boxes \$2.50). Mailed by the Hollister Drug Co., Ltd., Honolulu, wholesale agents for the Hawaiian Islands.

Judge Andrade Roasts the Accusers of Eddie Tait.

Judge Andrade, police magistrate, in allowing a nolle prosequi to be entered against the defendant in the case of Jack Roberts vs. Eddie Tait, yesterday paid his respects to persons who wantonly make use of the courts and police department to "get even" with some one, thereby giving rise to opportunities for blackmail, etc., and causing endless trouble and humiliation to their victims.

At the afternoon session in the police court, Prosecutor Brown asked that a nolle prosequi be entered. The complainant, who yesterday signed a warrant charging Tait with embezzlement, was not in the courtroom. It was stated that the signer of the warrant did not now wish to prosecute.

Attorney Peters, representing Tait, gave voice to some pretty strong opinions in the case, and roasted the complainants for bringing humiliation to his client. Mr. Brown said the defense had its remedy at law. A vigorous nodding of Tait's head indicated that he approved of this suggested course.

Judge Andrade said that he wished he had it in his power to visit contempt punishment upon the persons who had brought such a case, not only upon the defendant Tait, but upon himself as judge in getting him to sign the warrant. The judge intimated that procedure of this kind, when it turned out there was nothing to back up the claims made by complainants, gave opportunity for wronging innocent parties and for blackmail.

Tait, who, never since his arrest, felt that the case would amount to anything but to establish his entire innocence, was warmly congratulated for the course the case had taken in his favor. It was all over the sale of a diamond ring to Tait by a Mr. Jacks, formerly a member of the crew of the yacht Gwendolyn, who got into a fight with the master at Hilo, received a black eye and was put off the ship. While in Honolulu without funds he sold his diamond ring to Tait for \$50, a check being given for the amount, and Jack was identified at the bank by Mr. Werner, partner of Tait. It was a straight sale as far as Tait was concerned, and he was surprised when the warrant came alleging that when he was leaving Honolulu on the transport Sheridan that any one had a claim on it, as Roberts said he had.

In explanation of his being sent ashore from the Sheridan, Tait states that he had had previous employment on transports and has discharges therefrom. He has had in mind the idea of going to Manila to establish moving picture shows there, and has spoken of his intentions to many of his friends, reporters of this paper, as well. If he could get to Manila on a transport it would mean a saving of about \$150. Thinking he could manage to make the trip he went aboard the Sheridan. The officers found him aboard, signalled for the pilot boat and sent him ashore. "I didn't owe anybody in town when I went aboard and I think my reputation is just as safe now as it ever was," said Eddie yesterday afternoon.

HIGH SCHOOL READY FOR 200 PUPILS

With about 200 pupils to be enrolled and with accommodations for about 300, the new McKinley High School will be opened in September, and the old High School building in Emma street, once the residence of the Princess Ruth, will be given over to the grammar grades.

Prof. Scott, principal of the High School, is enthusiastic over the new school at the corner of Victoria street and Beretania avenue, and believes that the government is getting more for its outlay there than in many other previous public building acquisitions.

The grounds are being prepared for parking and when the lawns are entirely in and the grounds perfected the High School will be an ornament. Discussing the school and graduates, Prof. Scott expressed himself well pleased with the result, as, for instance, in the business department. Eight of the graduates last year have secured positions ranging from \$50 up in various offices. He believes they have received a thorough groundwork for business life. Then there was the case of a young Chinese graduate, who a few weeks before graduation told the principal that he had come into considerable money and wished to take the examinations for entrance to Harvard.

Prof. Scott asked him why he had not told him of this a year or more ago. The boy said the money had only been recently acquired. However, the examinations were entered into, and by constant work and diligence the young man passed and a cablegram received from Harvard notified him that he was eligible to enter. This instance is one of which Prof. Scott feels deservedly proud.

PRESERVING THE PROPRIETIES.

A traveler in the mountains of Tennessee had been stowed away in the best bed the cottage afforded. Late in the night he was awakened by the voice of the paterfamilias addressed to the daughter, who was entertaining company by the fireside. "Mandy," growled the old man, "is that young man there yet?" "Yep, pap." "Is he got his arm round yer waist?" "Yep, pap." "You-all tell him to take't away." "Aw, ye tell him yerself, pap," replied the girl in a dull, lifeless voice. "He air a plumb stranger to me." Success Magazine.
